## PROFILE

Passionate and skilled Full Stack Web Developer with expertise in both front-end and back-end technologies. Demonstrated proficiency through diverse projects and a commitment to staying up-to-date with industry trends. Dedicated to delivering innovative solutions that create seamless user experiences. Eager to contribute my talents to cutting-edge web development projects.

## SKILLS

- Problem-solving
- NextJs
- C++
- Firebase
- Javascript
- ReactJs

## PROJECTS

### Property Investment (Freelance)

NextJs | Firebase

I have successfully built a full stack Property Investment website using Next.js and Firebase for a client, leveraging my expertise in front end and back-end development. I delivered a user-friendly and visually appealing platform, implementing secure authentication and database integration to provide a robust solution that met the client's requirements and enhanced their property investment experience.

### Clothing Website (4Teen)

NextJs | Firebase

As the lead developer for 4Teen, a clothing website catering to my friend's business, I am utilizing Next.js 13.4 with the app router, Firebase, and other technologies to create an immersive and user-friendly online shopping experience. This project has allowed me to expand my web development skills and stay updated with the latest trends in the industry.

### Employee Management System (StaffSphere)

ReactJs | MongoDB | ExpressJs

Developed an Employee Management System encompassing CRUD operations, OpenStreetMap API integration for employee location tracking, and interactive charts displaying departmental statistics. Demonstrated expertise in full stack web development, utilizing technologies such as JavaScript, MongoDB, Express, and charting libraries. Successfully delivered a comprehensive solution that streamlined employee data management and visualization.

## EDUCATION

### Bachelor of Technology - CSE

Techno India NJR Institute of Technology • 2020–2024

### Higher Secondary Education - PCM

Central Academy School • 2019–2020 • 71.2%

## ACHIEVEMENTS

### Contributor at GsSoc'23

I kickstarted my open-source journey through the GirlScript Summer of Code program, contributing to various frontend projects and collaborating with fellow developers.

### Full Stack Web Development Certificate

Acquired comprehensive skills in front-end and back-end development, RESTful APIs, UI design, and deployment.
